

How to Sign Up on stctc.org

Before you can access member-only features on stctc.org, you need to sign up. STC members are validated against the STC.org member database, which uses the STC username and password.

1. Select Sign Up! from the home page.

The registration page appears.

The image shows a registration form with four input fields. The first field is labeled 'Enter your existing STC Member ID:'. The second field is labeled 'Enter your existing STC password:'. The third field is labeled 'Please choose a username (alias):'. The fourth field is labeled 'Please enter the security code:' and contains a security image with the characters 'd3g9t' and a refresh button (a square with a circular arrow) circled in red. Below the fields is a 'Sign Up!' button.

2. Enter your STC user name in the first field; enter your STC password in the second field; enter your name (or another alias) in the third field.

Tip: If you enter your name in the username field, separate your first and last name with an underscore (for example, Fiona_Doe).

3. Enter the security characters. Use the refresh key if you have difficulty with the letters. You may also increase the image size of the website to see the security code more clearly.
4. Select **Sign Up!**
5. If you entered everything correctly, you will return to the home page with your alias appearing in the upper right-hand corner.
